- ◆ I am re-working the SonSet Solutions shortwave antenna data for the Peruvian government. They require more information than we have since the antenna was designed on a computer. Please pray that we can meet their demands such that they will license a shortwave transmitter site for SIM in Peru. Lord willing this transmitter site will supply many SonSet radios with signal in southern Peru in a place with little internet or electricity.
- ◆ Please pray my friend and me can overcome the technical issues at Across Nations in Arizona during August. We are working on many upgrades and repairs. The idea is to keep the 3 broadcast signals on the air for the Navajo reservation. This is a critical time to supply God's Word 24 hours per day in a place with little internet or electricity.

THANK YOU

Thank you to each one who has supported us with thoughts, calls, cards, memorials or gifts of food at this time of Al's passing. It has all been deeply appreciated. May God bless you all for your kindnesses. "I thank my God upon every remembrance of you." Phil. 1:3

Mary, Gerhard and Von

Thank you sincerely for all the love demonstrated by your thoughtfulness to pray and telling us so. Your cards, phone calls, and emails and offering meals, are all an expression of love. God did a miraculous healing with no slurring of speech, face (behind mask) not sagging, no more falling toward the left, and being dismissed the next day. Praise His Name. Ps. 67:1-7 I am going to Physical and Occupational Therapy, and trust to improve even further as you pray, not only for us, but the souls ministered to during this episode. Thank you!
