

Q & A Pt. 1

Pastor Dizzy Murphy

November 30, 2025

1. Are we born spiritually clean and become sinners when we choose sin, or are we born with a sinful nature and therefore commit sins?
2. I've always understood that once we're justified, God's wrath towards us is completely removed—fully poured out on Christ—and sanctification is about being freed from sin's power and shaped into Christlikeness as beloved children. In that view, believers may be disciplined and refined by God, but not under His wrath anymore. Could you clarify how you understand Scripture to teach about wrath, justification, and sanctification?
3. Is it ok to lie to save your life?
4. What are the plagues or punishment for adding or subtracting from the Bible?
5. What is your opinion on churches and denominations moving towards acceptance and affirmation of LGBTQ+ lifestyles?
